Membership Brochure

## About Us

The Kings Golf Club was established in 2019 and designed by Stuart Rennie. Originally Torvean Golf Club, due to Highland council investment into the Inverness West Link and redevelopment of the area a new Club House was built and an 18 Hole Championship Golf Course with a driving range and practice area.

The Kings Golf Club Inverness have already been recognized in the Top 100 golf courses in Scotland and in the Top 100 GB & I under £65 category with Golf World. The course has also hosted the Scottish Men's Area Team Championship in 2021.

Since 2019, our membership has grown substantially from 400 to now having 900 members. Our golf course is growing a reputation of being one of the best courses in the Highlands and this is shown with the increasing number of visitors playing the Kings and the increased membership.

Although the course and clubhouse are in their infancy, the Management Committee are committed to improving our already great facility. The club are committed to investing in the course, having already increased the staffing levels and investing in new machinery as well as making improvements in and around the clubhouse and practice area. The club are also dedicated in the amazing junior golf programme that has been established over the years and continues to grow each year thanks to the volunteer members who commit their time and effort to grow the game.

Of course, none of this investment is possible without our members, visitors and sponsors and the club are forever grateful that we have the encouragement and support to do this.
